

## Environmental Policy

Farrell Construction Group Limited (“the company”) will pursue a policy aimed at minimising environmental damage and maximising opportunities for environmental improvement.

In all of our activities we shall consider environmental impact at the planning stage. We shall maintain good standards of pollution control, conservation of energy and natural resources.

To implement this policy, the company will ensure its site management and supervisors are aware of the environmental implications of activities within their own areas of responsibility, where necessary additional training may be required to heighten awareness of the relevant issues.

On individual contracts, we shall endeavor to obtain the best advice from our clients concerning environmental aspects of the contract. In many cases our client (the Principal Contractor) will already be implementing ISO14001 systems; we would actively support and implement those systems as instructed.

During the execution of our works the company will manage and organise the works in a manner which will reduce, insofar as is reasonably practicable, environmental damage caused by:

- Noise
- Dust
- Effluent / Cleaning waste arising from the works
- Storage and use of cleaning materials etc.

The company aims to Reduce waste, Re-use materials where possible and Recycle. In many cases the company will offer alternatives to Client specifications if we feel the 3R’s are not being fully implemented.

The company will also take effective precautions to protect adjacent land, buildings and the general public from any danger, discomfort or nuisance.

In pursuance of this policy, environmental considerations will be taken into account in the selection of materials, coming from reasonably practicable sustainable sources.

All waste material will be disposed of appropriately.

All members of the company’s management and supervisors will be made aware of this policy and its contents.

The ultimate responsibility for overseeing the implementation of Environmental Policy rests with the companies Director, Mr. Tom Farrell.

### Signed:

Tom Farrell  
Managing Director
